## PROFILE

Hi, I am Ronit shrestha. I'm a curious and driven Computer Engineering student who loves exploring how things work—especially in programming, robotics, and tech innovation. I enjoy turning ideas into real working projects, I'm always eager to learn new skills, face challenges, and grow as both a learner and a creator.

## EDUCATION

- Bachelor of computer Engineering (ongoing)  
**Thapathali campus**
- +2 in science  
**Khwopa secondary school**  
libali, bhaktapur  
2078/80
- school  
**Shree Bhagwati secondary school**  
Sankhu,kathmandu  
2078

## PROJECTS

- Automatic Phishing url detection (Using C)
- Routine checker ( Using python)
- Line following car (Using Arduino)
- obstacle avoiding car
- Home automation
